

To Parents/Guardians/Students

As we are moving along in our first quadmester (period 1 and 2 of a student’s timetable), parents/guardians and students will be updated on student progress:

Period 1 and 2 classes - by September 24

Student progress will be shared by each teacher through Edsby. Progress indicators will be used to indicate how well a student has been progressing through the first few weeks of the semester. The definition of each indicator is as follows:

(V) Progressing Very Well: The student consistently demonstrates significant progress in their learning of the curriculum expectations and is likely to achieve the learning goals of the course.

(W) Progressing Well: The student is demonstrating sufficient progress in their learning of the curriculum expectations and is likely to achieve the learning goals of the course.

(D) Progressing with Difficulty: The student is demonstrating limited progress learning the curriculum expectations. Since the student is experiencing difficulty, he/she needs further strategies to achieve the learning goals of the course.

(N) Not Enough Information: NEI is used when a student has participated in too few classes for the teacher to gather information about the progress toward the learning goals of the course.

Given our current health and safety measures, unfortunately, we will not be hosting a formal face-to-face parent/teacher interview evening. Instead, individual teachers will reach out to parents to organize a conference time. Any requests from parents to speak with a teacher will take place in the period of:

September 27 to October 1st

If you have any questions, please do not hesitate to contact the school or your child's teacher(s) by phone or through an Edsby message.
